The purpose of this School Plan is to document the improvement work supported by the National Partnership Agreement on Literacy and Numeracy.

- (b) young people are meeting basic literacy and numeracy standards, and overall levels of literacy and numeracy achievement are improving;
- (c) Australian students excel by international standards;
- (d) schooling promotes the social inclusion and reduces the educational disadvantage of children, especially Indigenous children; and
- (e) young people make a successful transition from school to work and further study.
