Year 10 Information Evening 2019

Bronwyn Carruthers
Secondary Curriculum and Student Pathway Manager

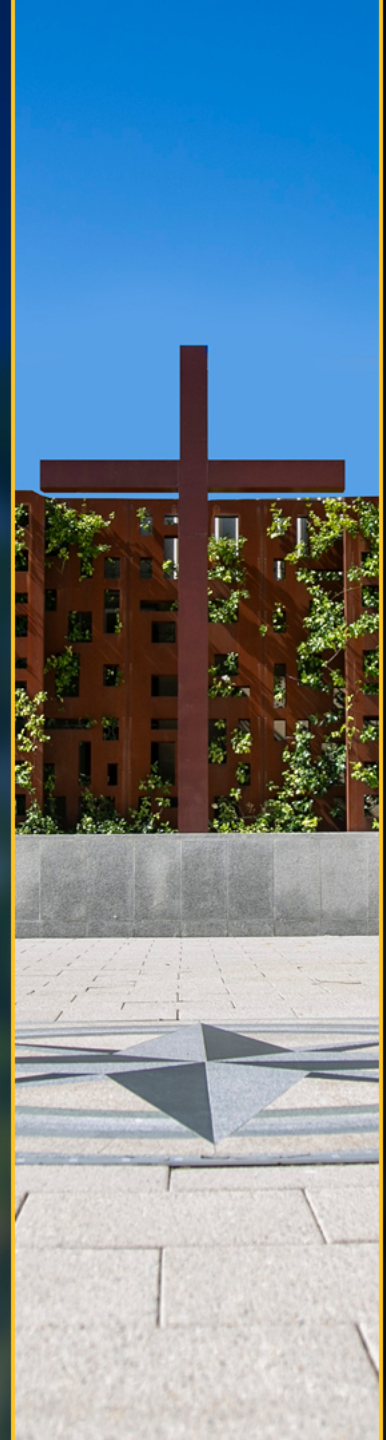

Year 10 is important!

- Preparation is key to success!
- Set goals to achieve at the highest level
- Achievement in Year 10 determines course choices for Year 11 — it is important to stay on track in all classes

Assessment Policy

- Please read - students it is your responsibility to be informed
- Students should read all parts of this policy, as well as parents
- Note information about absences during assessments

An excellent and diverse curriculum provides Senior Secondary students with a wide range of educational alternatives, culminating in Secondary Graduation (The Western Australian Certificate of Education).

In their first year as Senior Secondary Students at the College, Year 10 students take English, Mathematics, Science, HASS, Careers, Physical Education and Christian Education as compulsory components of their academic suite of subjects. Year 10 students are also given the opportunity to select elective subjects from The Arts, Technology & Enterprise and Health & Physical Education Studies.

Year 11 and Year 12 students are able to select from an extensive range of School Curriculum and Standards Authority Courses of Study leading to University study, Polytech (TAFE) or employment. The College provides for students aspiring to the most rigorous of university courses, while other students pursue excellent Vocational Education and Training programs, including on and off the job training for one day a week, while still pursuing a full school program. For a full list of Year 10 subjects, and Year 11 and 12 Courses of Study available in the current year, please refer to the Curriculum Handbooks listed to the right. The Handbooks also provide information on the Vocational Education and Training Courses (VET) that are offered in addition to the Year 11 and Year 12 Courses of Study.

The College Graduation Ceremony is a formal event held at the end of Year 12, at which the College farewells its students. Staff and students wear academic regalia for this memorable conclusion to their years at school.

Missed Assessments

- At times students will need to miss due to an illness — when returning to school a student will need a medical certificate to cover the period of time that the assessment was missed

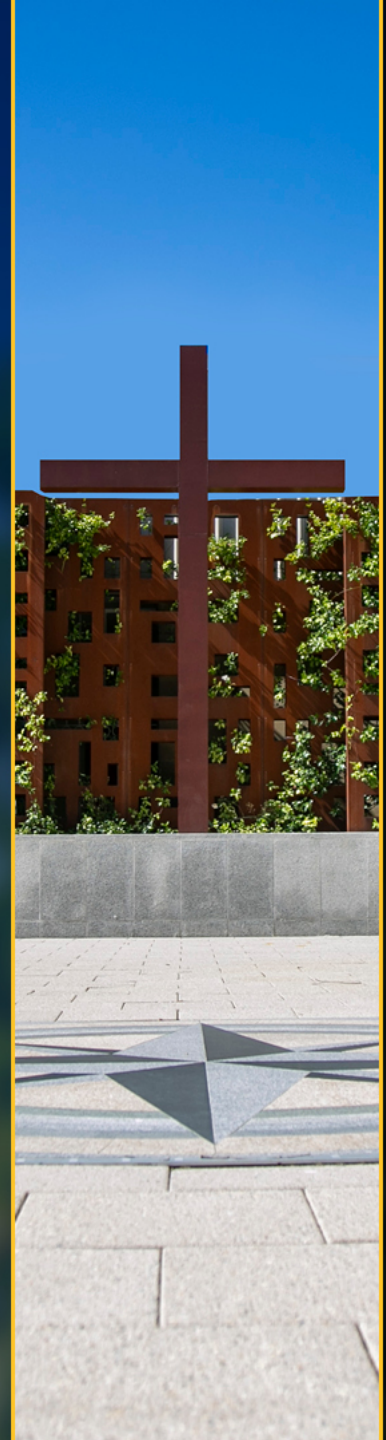

Missed Assessments

- Assessments that are out of class are due the first day back
- In class assessments — teachers will most likely provide an alternative assessment task that will be completed out of school time on a Wednesday afternoon from 3:30 pm – 4:30 pm, supervised by Mrs Carruthers or Mr Inder.

Study Tips

- Keep a diary of all assessments/tasks/homework and/or use the SEQTA dashboard
- Prepare a calendar or use SEQTA upcoming assessments to note all due dates
- Review notes daily and organise for the next class — check to see if you need any questions answered
- Begin preparing for each assessment from the day you get notification of it
- Study is different to doing homework
- Keep distractions, such as your mobile phone, away from the study area

Year 10 Exams

- Semester 1 exams are scheduled for Term 2, weeks 7 & 8
- Classes will not run and students will be expected to attend their appropriate exams and use the rest of the time for exam preparation
- Most exams are of a 1.5 to 2 hour duration
- Includes work covered in Semester 1

Preparing for exams

- Preparing for Semester 1 exams should begin now — by organising notes and reviewing information. Don't get behind.
- As exams approach, create a study timetable and stick to it. Ms Bronwyn McCue can assist you with preparing an effective study timetable.
- Semester 1 exams are an important indicator of expected grades for prerequisites for Year 11 courses — do your best in these exams!

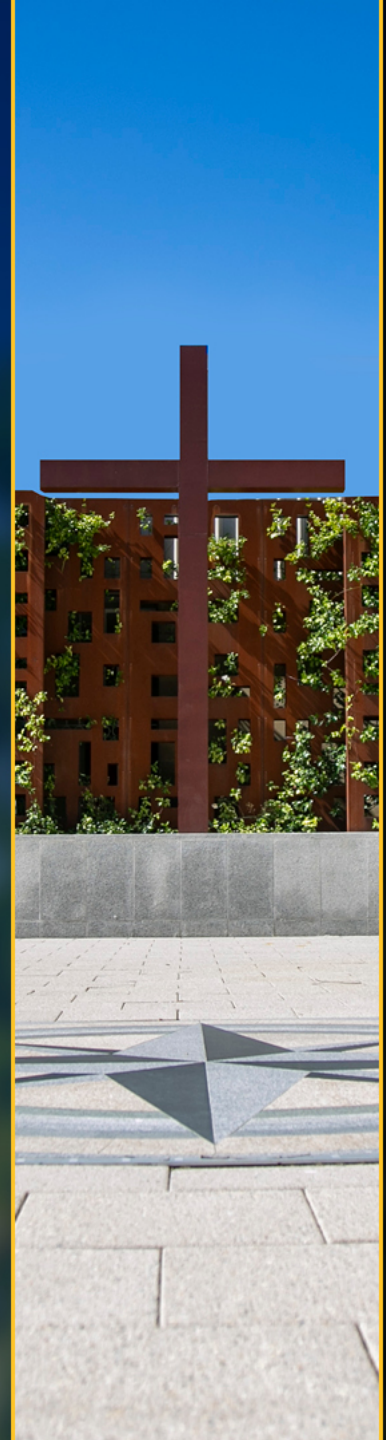

Work Experience

- Week 10, Term 2 (Monday 1 July until Friday 5 July)
- A letter has been sent to parents and will be further discussed with students in their Careers classes

Work Experience

Benefits include:

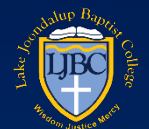

- Skill development
- Clarity in career direction or pathway
- On-the-job training experience
- Improvement of CV or resume
- Development of interpersonal skills

Work Experience

- Students are required, with their parents' assistance, to find their own placements
- Students are covered by insurance through the College during this Work Experience week
- Work experience is unpaid work
